Mr. T. Weed Harvey, Chairman
Board of Review of Efficiency Ratings
Agricultural Adjustment Administration
Washington, D. C.

Dear Mr. Harvey:

I have received your letter of efficiency rating dated April 1, 1937.

Because I consider this an unusually good example of the unfairness of the type of ratings we have been receiving at AAA and because I most assuredly am complaining, very strenuously, that in my case this rating is disgustingly unjust, I am asking you to please inform me on what basis I was thus rated. By this I do not mean the system under which I was adjudged but the specific reasons for giving me this undesirable classification.

Yours very truly,

Harold Weisberg
